AGM 2015

Dit was 'n rekord, nie net vir Alunite nie, maar ook vir Lumber City. Die bywoning van die AGM's was amper 100%. Dis net Wouter van Swellendam wat nie die vergadering kon bywoon nie. Hy moes die naweek trek.

Dit was vir my baie lekker om die nuwe manne te ontmoet. I was particularly pleased with the participation in the discussions of the "ou manne" and the ideas and informative, hard earned experience they shared with the new guys at the AGM.

Again we would like to congratulate Illias Ganey of Montague Gardens who walked away with the trophy for the Best Alunite for the third time in so many years. Ook aan Robie McFarlane wat met die "Best Newcomer" weggeloo het.

Watch it guys, the ouks from the North are determined to walk away with these prizes next year!

Dankie Raymond dat jy jou fabriek daar in Pretoria Noord beskikbaar gestel het vir die AGM. Dit was 'n "eye-opener" om al die stack deure en vensters te sien so kort na jy oopgemaak het.

Niel Myburg van Centurion het sommer daar by die ete van sy windgat selfoon 'n paar foto's ge-email van werk wat hy alreeds gedoen het. If you have a look at this photograph (one of quite a few similar projects) then one is stunned by the degree of workmanship, the type and size of the projects so soon after he opened.
